Scoring

21. Weigh-in. Fish presented to Tournament Officials at weigh-in immediately become the "official catch" of the contestant and become the possession of the Tournament Officials to measure, weigh and record as such. A contestant cannot touch the fish while the official takes the measurement.

22. Scoring penalties. Contestants are required to do all in their power to protect and preserve their daily catch. A team presenting dead fish, as judged by

Tournament Officials, will have two-tenths (.2) pound penalty subtracted for each dead fish. Deliberate rough or careless handling of fish while culling is grounds for disqualification. Anyone attempting to weigh in fish less than 12-inches will be assessed a one (1) pound penalty for each undersized fish and will not be able to count any under-sized fish in their tournament limit. A team arriving late for weigh-in will be penalized one (1) pound for each minute late up to 15 minutes. Teams over 15 minutes late will be penalized their entire weight for the day.

23. Standings/ties. Final standings will be determined by the actual weight of bass submitted for weigh-in by a team in the tournament period, minus any penalties. Standings will be ranked with the heaviest total first and the rest in descending order. In case of a tie, the team weighing the largest fish will break said tie.
